

**Please help with your contributions!**

NFMA is a registered non-profit organization that strives for the betterment of the feed manufacturing industry by providing the opportunity for business and academic leaders of the agricultural community to interact and develop issues of common interest.

NFMA is pleased to take the leadership role in the critical area of encouraging tomorrow's leaders through the offering of scholarships to the agricultural departments of four regional universities.

We look forward to growing these donations and deeply appreciate the help of our members with this very important fundraiser.

Please consider a donation of \$100 in addition to your registration fees.
